Grön

Northampton has a great heritage in designing products from the shoe industry to F1 racing cars. Our team have been technical engineers for over 30 years first with computing and software then in product design. Full of enthusiasm to make a whole new bike we took a decision to redesign the folding bike we loved from the

70's and rethink it. With its timeless style and elegance as our template, we produced a new folding e bike for a new generation. A bike that reduces our carbon footprint rather than increases it, that is sympathetic to the world in which we live and that for each bike we produce and sell, has a tree planted in its honour, that's Grön.

Grön electric bike

Specifications

Model: Carbon Folding Bike Gron e.

Size: 20 inch wheel.

Color: black/ green.

Net Weight: 14KG / 30.86oz.

Height Range: 155cm-175cm.

Distance: 50 Km Fully Charged / 31 Miles.

Speed: 25-30 KM/h.

Re-charging Time: 3 Hours.

Frame & Parts

Frame: 20" carbon folding frame with flush folding mechanism.

Fork: Carbon Front Forks, Front Disc Brakes.

Handlebar: Aluminum alloy, 560*25.4*9°.

Stem: Folding head tube, double sections, toothless standpipe, 300MM, forward 10°.

Seat post: Aluminum alloy, Water-Drop 600mm, Battery External Slide Point.

Headset: GH-592 Flat Cover, 8MM 1-1/8".

Rear Shifter: SHIMANO Sora RD-R3000-GS 9-Speed.

Brake: SHIMANO M315 Oil Break F/R1000 R/L1700.

Power: BAFANG 36V 250W 138MM Cassette Motor, Velocity Type, Dual Hall sensor.

Controller: YUEBO Lishui Controller 36V, Display: KING-METER SW-LCD 36V

Battery: Samsung Battery cell 36V 8.7AH with charger and cell box, with tail lights and usb charger.

Pedal: Folding Pedal.

Tire: CST Black 20" 1.75.

Electrical system

Motor: 36V, 250W Cassette flywheel motor, brushless, Dual Hall sensor, hall effect, high speed and low noise.

Motor controller: 36V brushless hall effect, intelligent sine wave controller.

Display: Power on/off, battery indicator, 5-level assist, LCD model Km/h, Distance.

Battery: Samsung Lithium Ion Batteries, 36V 8.7AH, Charging Time: 3hours, lithium battery with intelligent protection for longer battery life.

1 Year Warranty.
